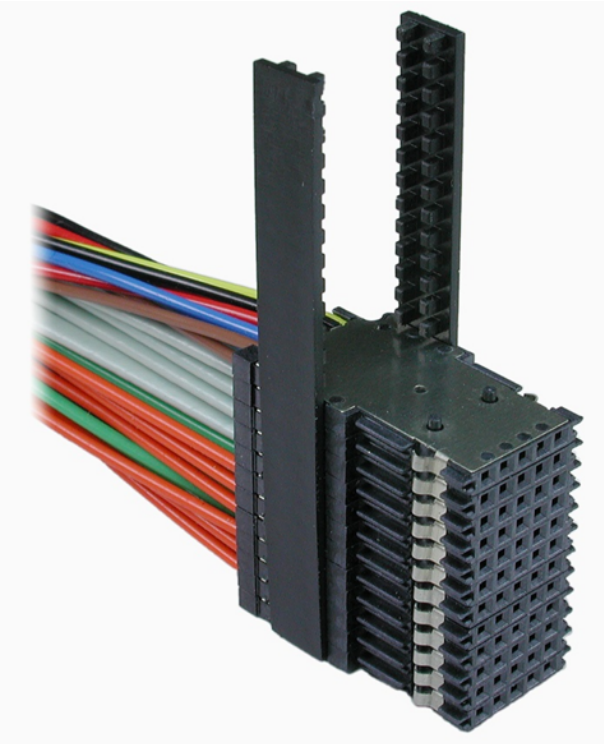
Backplane wiring systems

STEERED Technology

Flexible, modular approach to rear panel wiring



QUICK FACTS

- 2.54 mm, 2.0 mm or 1.8 mm pitch equipment practice.
- Systems for:
  - IEC 60603-2
  - IEC 60917 / IEC 61076-4-101
  - VME / CompactPCI
  - Open VPX / VITA 46
- Modular product design
- Modules with MIL spec hook-up wire, Parallel pair cable, 50 and 100 Ohm coax and choice of trailing end terminations.

PRODUCT APPLICATION

- Embedded computers
- Industrial controls
- Test & Measurement
- Command and Control systems in Military and Aerospace
- Communication and Enterprise equipment

FEATURES AND BENEFITS

- Reliable in performance critical applications.
- Modular, fitting exactly your application.
- Overmoulded modules to provide reliable strain relief.
- Choice of cable styles and types giving you the performance you need.
- Quick turn-around standard modules available.
